BASICS				
Insulation	3M Thinsulate, extremely light and powerful heat and sound insulation, cut to line the interior of all Promaster wheelbases.	3M Thinsulate SM600L	2 Weeks	\$1,790.00
ELECTRICAL				
Lithium Batteries	The most powerful and trusted batteries for van conversions, Battle Born Batteries provide twice as much power as AGMs with little to no chance of harm if drained. Smart sensors in the batteries allow them to adapt to hot and frigid conditions to provide maximum juice. Comes with a 10-year warranty. A Glampervan Must-Have.	Battle Born BB10012: 100Ah 12V Deep Cycle Battery	2 Weeks	\$1250 per battery, including install
Solar	Stay off the energy grid with a solar-charging setup for your van. There are many solar panels on the market today, each with unique size and wattage. We will help you decide what an ideal panel will be for the roof of your van. Our typical installation includes a panel and charge controller for 300-400w.		Ask for options	
HEATING, COOLING SYSTEMS				
Fans: Manual	Roof-mounted fan. Intake and exhaust, 10-speed settings, rain and smoke lid opens with knobs on ceiling. Better air circulation is a must-have. This version does not come with a remote.	MaxxAir 6200k Manual-Opening Fan	2 Weeks	\$699.00
Fans: With Remote	Roof-mounted fan. Intake and exhaust, 10-speed settings, rain and smoke lid opens and closes at the push of a button. Better air circulation is a must-have. Can be controlled with remote provided.	MaxxAir 7500k Auto-Opening Fan	2 Weeks	\$795.00
