

FOR SALE: GLAMPERVAN MODEL 2S

We are selling two of our 2013 Ford Transit Connects outfitted to the Glampervan Model 2S design.

glampervan

COMFORT - UTILITY - SPONTANEITY

COMFORT

- **LIGHTS:** Lights inside, outside and in the storage area, you are no longer left out in the dark on those late, drizzly nights (*"if you are using your headlamp, you are doing it wrong. heh."*)
- **SLEEP:** Comfy bed cushions, bed sets up in 5 mins for those last minute camp spots or daytime naps. Window covers for privacy and thermal insulation. The 6'8" bed fits the tallest of campers.
- **FRIDGE:** game changer compared to your cooler with the ever-melting ice
- **PORCH:** awning & porch lights make upgrades your outdoor living
- **INDOOR SPACE:** configuration allows for work or eating space indoors when outdoor conditions dictate
- **AIR:** natural & powered vent to keep air fresh
- **STYLE:** finely crafted with beautiful birch plywood, Sunbrella fabrics and automotive-quality vinyl—all with great attention to fit-and-finish

UTILITY

- **POWER:** indoor and outdoor lighting, USB ports, 12v outlets, 110v outlets, refrigerator, powered fan vent. Auxiliary battery lasts 3-4 days when parked. Recharges when driven. Truly another game changer.
- **2-PERSON LAYOUT:** Two identical storage/power setups on each side of the van, allows you and your partner to have your “own space” (yes, this layout has an amazing ability to keep peace between traveling partners)
- **STORAGE, UNDER BED:** beautifully crafted drawers and compartments, for clothes and kitchen, fully lit for easy access at night
- **STORAGE, BOOKS/GADGETS/WALLETS/MAPS:** side consoles with nearby power outlets are perfect for organizing your traveling life
- **STORAGE, OUTSIDE:** Roof rack, large lockable cargo box and access ladder provides ample room for camp chairs/tables, surfboards, skis etc. Trailer hitch ideal for bike rack or additional cargo racks

SPONTANEITY

- **EASY:** drives like a car, great gas mileage, can park anywhere, handles itself well in wind, storms, mountain roads
- **DISCRETE:** Unlike RVs and bigger camper vans, it’s small footprint is discrete enough to camp anywhere: big city, small town, festival or middle of nowhere
- **GO:** Perfect for your unscripted road trips—just get in and start driving

OUTFITTING PRICE

As described above: bed platform, aux electrical (lights, fridge, fan), window covers, awning, cargo box, hitch, camping accessories. Retail price for outfitting: \$16,000

DETAILS

Four components make up the Model 2S

- Ford Transit Connect van
- Bed platform
- Auxiliary electrical system
- Outside Cargo/Living

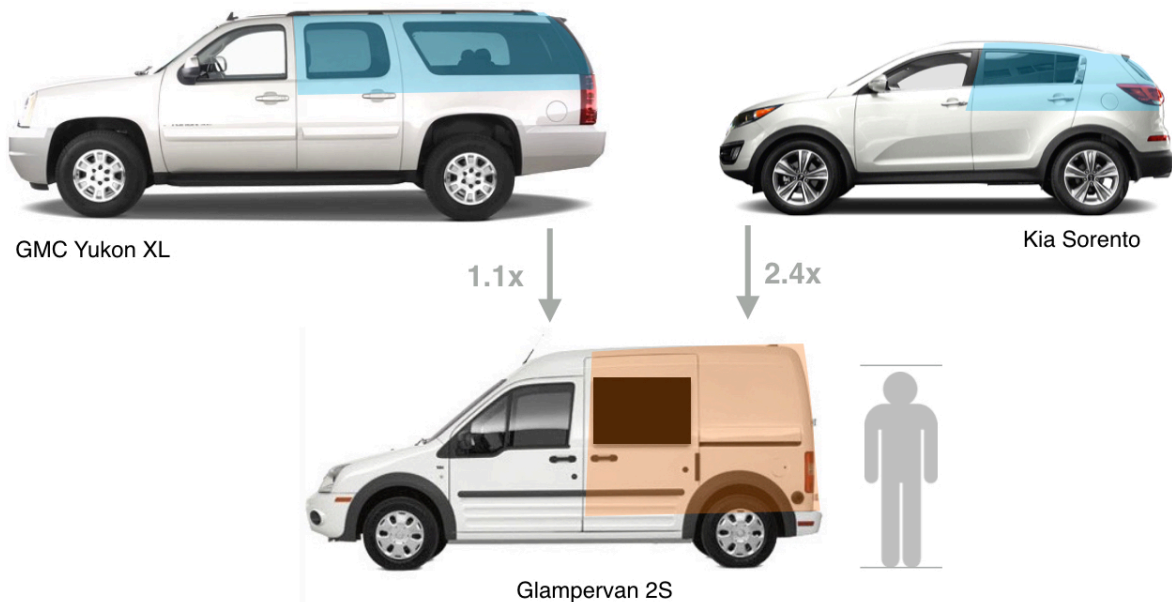

FORD TRANSIT CONNECT VAN

We currently outfit only the original Transit Connect design, 2013 and earlier. These are great mini-vans, well thought out, great inside head room for camping, great handling, great gas mileage (27 mpg). The ideal Transit Connect for outfitting is:

- Low mileage, model year 2013
- XLT cargo van with side and rear windows

Don't have a Transit Connect? We can assist you in purchasing van and potentially pick it up for you. Low mileage vans run in the \$14-19k range. Check out these Transit Connects for sale on the [Car Gurus website](#).

More Room in Transit Connect than SUVs

BED PLATFORM

The bed platform puts the bed, drawer storage, kitchen, refrigerator and much of the electrical system into a beautiful birch plywood structure

- 3 oversized drawers, 3 large storage compartments = +20 cuft of storage. Platform approx: 48" x 70" x 15"
- Birch plywood side consoles for cup/book holders (2 count)
- Custom 4" memory foam+ cushions (3 count)
- Custom design+fit insulated window covers with magnetic attachments (6 count)
- Cabin ceiling, walls, floors all insulated with sound/thermal insulation

AUXILIARY ELECTRICAL SYSTEM

All components are designed for low power use to extend battery charge. System is good for 3-4 days of moderate use if parked, indefinitely if driven a few hours every couple days. Plug-in to a standard house wall socket to recharge quicker.

- 100 Amp-hour ATM Battery
- Built-in battery charger, plugs into a household 110v outlet.
- Inverter + 110v outlet for laptops, etc.
- 30 quart refrigerator (40 12oz cans) a game changer
- 4 USB ports
- 2 12v outlets
- 4 interior LED task lights
- 7 interior storage LED lights
- 3 exterior “porch” lights, with user adjustable brightness and color—these are way useful around camp at night

OUTSIDE CARGO, LIVING

- Thule roof rack
- Yakima Rocketbox cargo box
- Lightweight aluminum ladder for roof access
- Curt trailer hitch
- Side or back awning
